TEACHER	COMMENT
Augusto Sison	He confidently speaks his ideas with gestures and expressions. Also, he speaks fluently, having good points or contents.
Corazon Cañizares	King has a lot of idea and he can express it through writing and when he talks he has a good sense though he needs to practice more of his pronunciation.
Cris Clarito	As far as my observation is concerned, King is well-motivated and committed to learn English. He can technically listen to the audio but he could not easily understand what he heard maybe because of certain unknown vocabularies. But now he gradually improve his listening ability most especially the speed, comprehension, terminologies and above all his confidence. Overall, he is achieving his goal and dreams in life. Congratulations!
Erika Kirsten Berdin	He is always showing his eagerness to learn. He is really studying very hard. He is also responsible whenever he's been given a homework. At first, it was hard for me to understand him but now his pronunciation is better than before. Great job King!
Hyrenne Patricia Piamonte	He is a 100% motivator for himself in studying English especially in his vocabulary. He is studying in advance so he could prepare a lot in our class. A studious student who wanted to be perfect in his English skills. He doesn't have any holdbacks. Once he set his mins to do the work done on a specific time he would really do it without hesitation. He's good now in reading but I recommend him to practice more his pronunciation. Overall, he is an achiever who has the confidence in getting the things he want. He will really fly high in the future as long as he is consistent in his studies.
